

Emmy Monash Aged Care

BUILDING UPDATE

 Due to open in 2016, Gandel House at Emmy Monash will set the benchmark in residential aged care living, becoming a community hub for focused activities and health care services. Excavation works are completed and the footing system is on track to fulfil our requirements for premium quality and design.

EMMY PROGRAMS

 Our Supreme Care Plan, fosters the Montessori and personhood approach to aged care. At Emmy Monash, we focus on an individual's abilities, health, and wellbeing, physically and emotionally, to more comprehensively capture a realistic lifestyle profile of each resident. Our holistic approach is embraced by Clinical Care and Lifestyle staff to achieve "supreme" care of our residents.

EMMY PEOPLE

 "I get so much more than I give," says Ruth Lewin, a Volunteer at Emmy. Ruth is involved in the new Walkie Talkie Program which provides interested residents the opportunity to exercise outdoors near Emmy, while enjoying a social chat along the way. As a volunteer, Ruth received specialised training by Emmy staff to enable her to proactively assist in this innovative program in a meaningful and effective way.
